

Welcome to the HelloWorld High Library Management System!

FBLA Coding and Programming 2018 – Ethan Price, Ellensburg, WA

You will need:

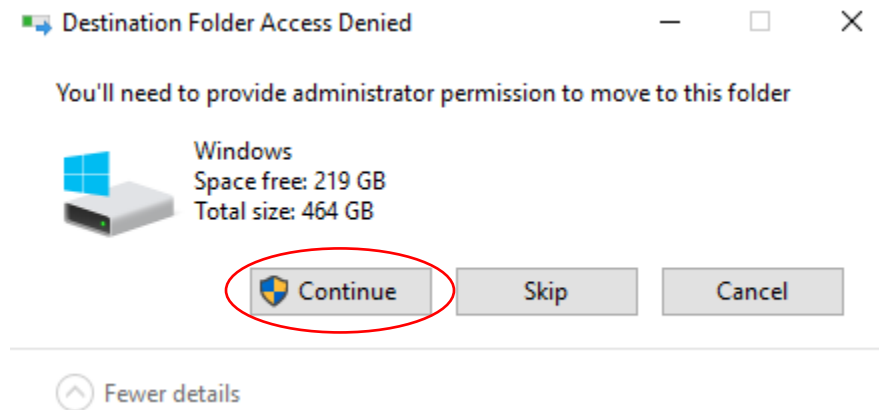

- An Archiving program (WinRAR/7zip/WinZip etc.)
- Internet Access
- Administrator Privileges
- Windows Version 7 or Later
- Google Chrome Browser
- \approx 1 GB free space on C:\

The File:

EthanPrice_Ellensburg_WA_FBLA_Coding.zip

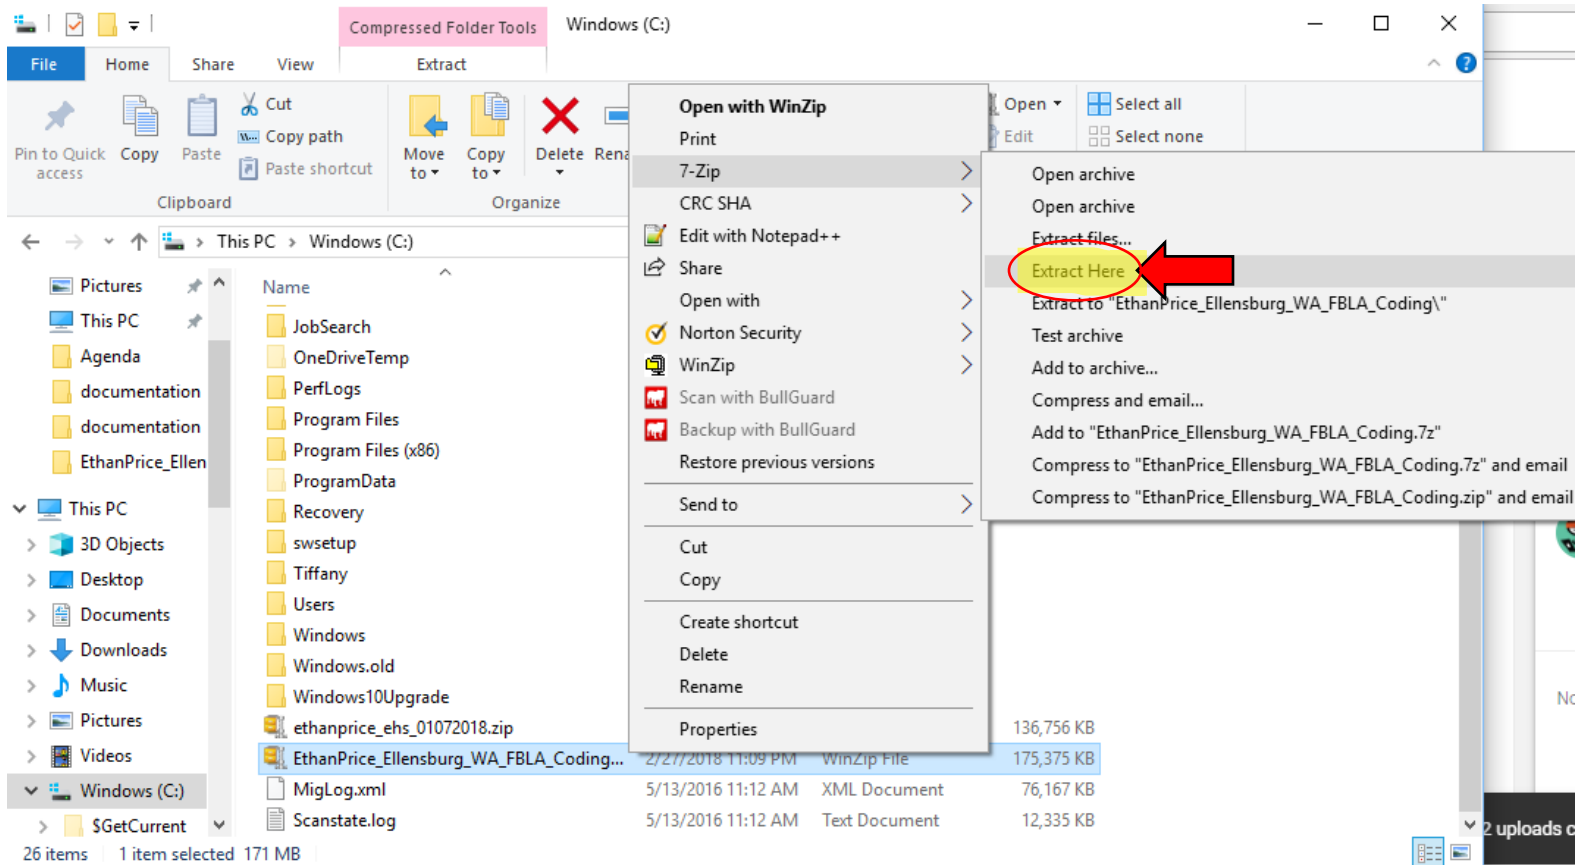

MUST be unzipped under C:\ Or else the install will not work

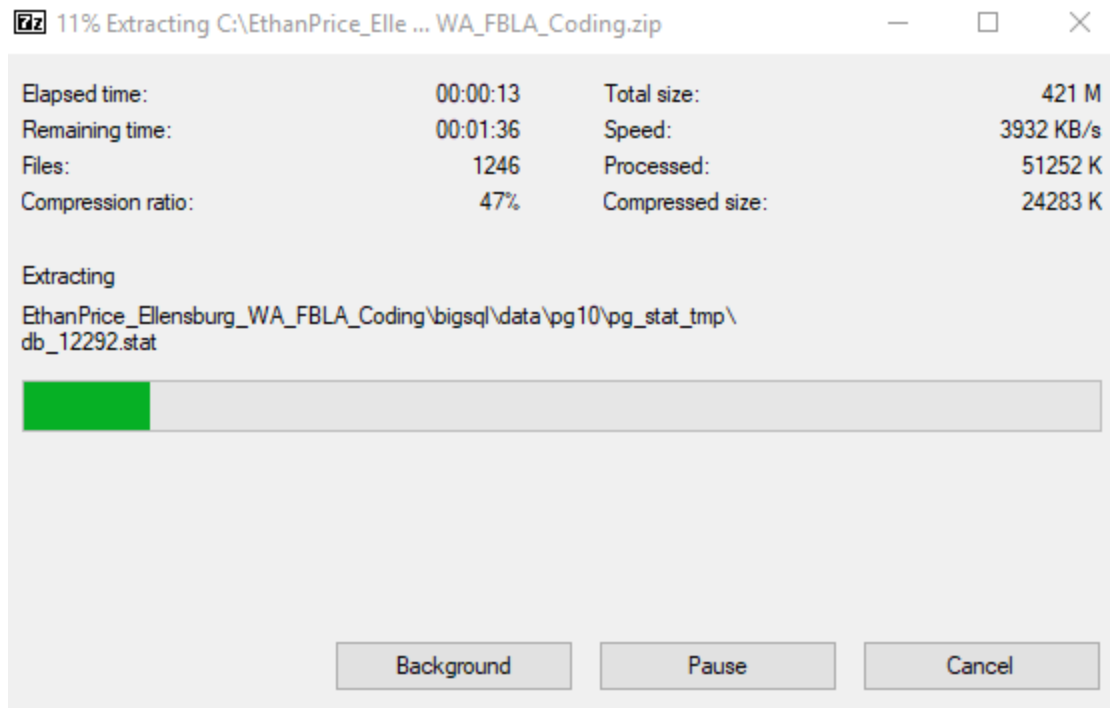

1. Copy **EthanPrice_Ellensburg_WA_FBLA_Coding.zip** to C:\
You will most likely get a prompt asking for administrator permission to continue. Click **“Continue”**.

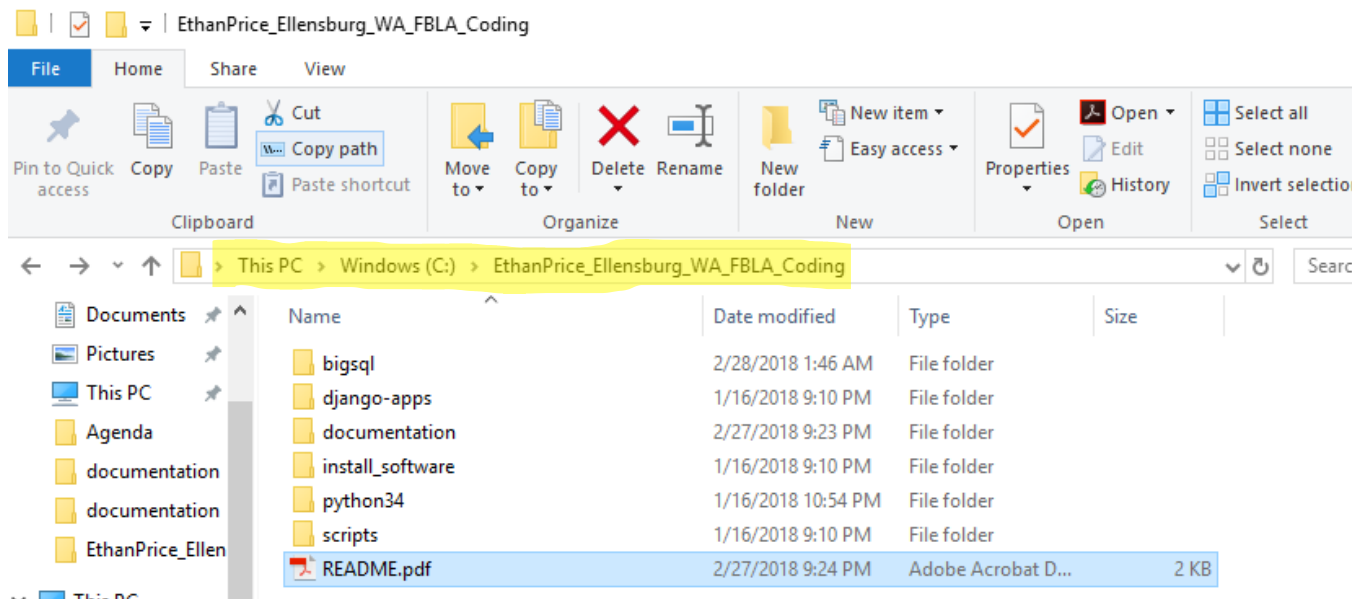

2. **EthanPrice_Ellensburg_WA_FBLA_Coding.zip** **MUST** be under C:\ After you have confirmed that it is under C:\, right click the .zip file and select *“Extract to here”* or *“Extract here”* Depending on the archiving software.
IT IS VERY IMPORTANT THAT YOU DO NOT EXTRACT THE FILE TO ITSELF!!! CLICK “Extract here”!!!!!!

(See Next Page)

3. After the file has finished extracting, inside this unzipped folder the directory should look **EXACTLY** like this:

4. Navigate to:

C:\EthanPrice_Ellensburg_WA_FBLA_Coding\documentation

And double click *"Install_Instructions.pdf"*.
